POOL BUTLER PROGRAM

The "Pool Butler Service" is a new program that allows you to have the chemicals you need delivered right to your front door! In addition to delivering the chemicals we will also:

- Take a water sample, run it through our water lab and provide you with a print out via fax or email of your test results. This will show you what your water balance looks like and if there is any balancing that needs to be done.
- Perform a 13-point pool performance inspection to help you prevent any problems with your equipment in the future. If any repairs are needed, we will notify you of the situation and help you schedule a service call.
- Call you once a month to make sure things are going fine with your pool and find out if you need anything else when we come out.

So, a convenient chemical delivery, water test, pool inspection and follow up call for only a \$50.00 service charge and all you have to do is pick up the phone. It's a great way to PROTECT YOUR INVESTMENT!

A Credit Card must be on file before Swimming Pool Services, Inc. hereafter referred to as SPS, Inc. begins the Pool Butler Program. Payment must be made via credit card of type accepted by SPS, Inc. Complete credit card information must be included on the SPS, Inc. Pool Butler Agreement at time of delivery of agreement and agreement must be on file prior to any service. Your credit card will be billed automatically each month. Delinquent accounts may result in suspension or cancellation of service determined by SPS, Inc. management's sole discretion.
